External autodial

1. Press ⌨ * 1 .
2. Press a memory button.
3. Dial the external number.
4. Press ⌨ to store the number.
5. Label your new button.

Internal autodial

1. Press ⌨ * 2 .
2. Press a memory button.
3. Dial the extension number.
4. Label your new button.

Features

1. Press ⌨ * 3 .
2. Press a memory button.
3. Press ⌨ and enter the feature code.
4. Label your new button.

How to erase memory buttons

1. Press ⌨ * 1 .
2. Press a memory button.
3. Press ⌨ to erase the button.

Making and answering calls

Making calls

There are many ways to make a call, depending on your telephone programming and the type of call.

External calls using line buttons

1. Lift the handset.
2. Press a line button.
3. Dial the external telephone number.

External calls using intercom buttons

1. Lift the handset.
2. Press an intercom button and enter a line pool access code.
3. When you hear an external dial tone, dial the external telephone number.

Contact your System Administrator or Coordinator for a list of line pool codes.

Internal calls using intercom buttons

1. Lift the handset.
2. Press an intercom button.
3. Dial the extension number.

Contact your System Administrator or Coordinator for a list of extension numbers.

Answering calls

When your telephone rings and the display light flashes or when an intercom or line button ▲ indicator flashes:

- Lift the handset.
  OR
  Press the button with the flashing ▲ indicator before you lift the handset.

How to hold calls

- While on a call, press ⌨. The ▲ indicator for the line on hold will flash.

- To retrieve a held call, press the line button with the flashing ▲ indicator.

- Calls are put on hold automatically when you switch from one line to another.

More on making and answering calls

Handsfree calls

Your System Administrator or Coordinator must program the Handsfree feature on your telephone.

- Press the Handsfree button on your telephone to make or answer a call.

- To switch to Handsfree when you are on a call, press the Handsfree button and replace the handset. Lift the handset to switch back.

When programmed, the Handsfree feature is assigned to button 8 on your telephone.

Handsfree button

How to mute calls

- While on a call, press ⌨ to turn the microphone off. The ⌨ light flashes when the microphone is off.

- Press ⌨ again to turn the microphone on.

- Use ⌨ on handset, Handsfree or headset calls.

Headset calls

- Press ⌨ to activate the headset mode. When the ⌨ light is on, press a line or intercom button to make a call.

- Press ⌨ to answer a call when the telephone rings or when an intercom or line button ▲ indicator flashes.

- To switch to your headset when you are on a call, press ⌨ and replace the handset. Lift the handset to switch back.

Warning

Nortel Networks does not support the connection of a headset to the T7208 telephone, unless Handsfree is enabled within the system programming. If Handsfree is not enabled, certain call handling features may not work as intended.
